JWDA Floor Lamp

Reworking the dimensions of the JWDA Table Lamp to create a pared-back light with a bold personality, the Floor Lamp is the latest addition to the series. The simple, standalone design merges contrasting elements to elegant effect: set on a stem of powder-coated steel or solid brass, the shade is formed from opal glass into an elliptical shape, while the base retains its characteristic form, crafted from marble with gently rounded edges and punctuated with a decorative dimmer switch in brushed or bronzed brass.

Part of a series of lighting inspired by traditional oil lamps, the JWDA Floor Lamp takes the expression of the series' table lamp to elegant new heights. Pared back to its purest form, the lamp is a study in the contrasts of natural materials: set on a substantial marble base, rounded at the edges for a soft expression, the elegant tubular metal stem – available in powder-coated steel or solid brass – holds an elliptical opal glass shade that emits a soft, ambient light. A brass dimmer switch lets you control the brightness of the bulb – for reading or relaxing, or simply to create ambience in a room. Conveying a sense of familiarity and warmth, the JWDA Floor Lamp illuminates any setting with bold elegance.

Product Type

Floor lamp

Environment

Indoor

Dimensions (cm / in)

H: 150 cm / 59"

Ø: 39 or 28 cm / 15,3" or 11"

About the Designer

Swedish architect and designer Jonas Wagell is widely revered for his modern product and furniture design comprising soft, minimalist shapes with a welcoming expression. His Stockholm-based studio, JWDA, was founded in 2008 and boasts collaborative relations that stretch from Scandinavia and Europe to China and North America. An alumnus of the prestigious schools Konstfack in Stockholm and Parsons in New York City, Jonas Wagell's award-winning work combines graphic simplicity and playfulness to create pieces that typify modern-day life.

1 pc JWDA Floor Lamp, White Marble and Brushed Brass and 1 pc Opal Glass Shade.

Technical details:

250 cm Textile Cord w.o. Dimmer (Dimmer on base).

E27 Bulb, (Included).

Bulb:

E27 (Arbitrary)

8 W, 230 V

700 Lumen

2200 Kelvin

Ra > 80

The Lamp is tested according to:

LVD: EN 60598-2-4:1997; EN60598-2-1:1989; EN 60598-1:2015; EN 62493:2015

EMC: EN 55015:2013 + A1:2015; EN 61547:2009; EN 61000-3-2:2014; EN 61000-3-3:2013

Please check the specific rules for electrical installation work in your country.

Some countries may require an authorised electrical contractor.

IMPORTANT

If you have any problems regarding the electrical installation, contact a certified electrician. Always shut off power to the circuit before starting installation work. The external flexible cable or cord of this luminaire cannot be replaced. If the cord is damaged, the luminaire shall be destroyed.

Care Instructions:

To clean simply wipe with a soft dry cloth. Turn off power before cleaning. Do not use any cleaners with chemicals, solvents, or harsh abrasives. The Brass parts are made off solid brass material. Solid Brass is a natural material, which will oxidize from the moment it is exposed to air. But to avoid the oxidation process we have added a fine layer of lacquer to keep the surface colour even.
