Androgyn Dining Table, Rectangular 210 x 100

BY DANIELLE SIGGERUD

The Androgyn Collection pairs natural materials and sculptural forms to striking effect, taking its name from its blend of the masculine and feminine. A characterful, connective addition to any space – to throw a dinner party or hold a meeting – the latest addition to the series is not for the faint of heart.

The rectangular Androgyn Dining Table, created for MENU by Danielle Siggerud, is a bold, confident take on a table, amplifying the dimensions of the collection's existing dining table to grander proportions as a community-style table. The architect-designed piece is crafted with a wood veneer top and base, offered in 210 cm and 280 cm versions to comfortably seat 8-10 individuals respectively.

A Sense of Community

MENU has always been fascinated by the way in which individuals and spaces can be united through great design. In our pursuit to craft furniture, lighting and interior accessories shaped by purposeful details, high-quality materials and human needs, we create strong and lasting relations between designers, manufacturers and customers. The sense of community that results from this union of like-minded individuals fosters a deeper sense of belonging – and products that stand the test of time, inviting human connection, inspiration and experimentation to push the boundaries of modern design. We truly believe that when we work collectively, we achieve more than we do individually: the sum of our work and of our connections is always greater than its parts, and our softly minimal designs and collaborative spirit help to join the dots between the home, the workplace and the service industry, redefining how we use space and, ultimately, how we connect to those around us.
