# Androgyn Side Table, Ø50

BY DANIELLE SIGGERUD

A beautiful and practical furniture design that makes clever use of craftsmanship and tactile materials, the simple silhouette of the Androgyn Side Table is characterised by opposites. The pure use of materials contrasts with a refined silhouette of solid and soft lines, living up to its name thanks to its combination of masculine and feminine characteristics. The pairing of rich oak – with a natural or dark stained finish – walnut and Kunis Breccia stone creates a distinctive design customisable to any and every interior style.
